

CLEANING EQUIPMENT PRODUCT MANUAL

S920 Hand sweeping machine

Product advantages

- Adjust the lever manually
- Wireless pointless and unconstrained
- Blocky Rubbish nemesis

Scope of application

Widely used in cement, asphalt, plastic floor, wear-resistant floor, terrazzo and other industrial grounds.

S1250 Driving sweeper

Product advantages

- Sweeping + vacuuming combo
- Double disc brake device
- Hand shake dust device

Scope of application

Widely used in cement, asphalt, plastic floor, wear-resistant floor, terrazzo and other industrial grounds.

Product number

Product model

S920

Product parameters

Sweeping width	mm	920
Side brush width	mm	350
Main brush width	mm	480
Walking motor	w	/
Side brush motor	w	/
Roller brush motor	w	/
Battery capacity	V/ah	/
Rubbish capacity	L	55
Walking speed	km/h	0-10
operating hours	h	/
Work efficiency	m ² /h	3860
Machine weight	kg	27.5
product size	mm	1300*920*1035

Product number

Product model

S1250

Product parameters

Sweeping width	mm	1250
Side brush width	mm	220*2
Main brush width	mm	490
Walking motor	w	1000
Side brush motor	w	90*2
Roller brush motor	w	550
Battery capacity	V/ah	48/67
Rubbish capacity	L	80
Walking speed	km/h	0-10
operating hours	h	2.5-3
Work efficiency	m ² /h	6000
Machine weight	kg	396
product size	mm	1600*1250*1300

S1350 Driving sweeper

Product advantages

- Operation buttons are reasonably distributed
- High-quality rubber tires
- Large capacity Rubbish box

Scope of application

Widely used in cement, asphalt, plastic floor, wear-resistant floor, terrazzo and other industrial grounds.

S1600 Driving sweeper

Product advantages

- Shock absorption system
- SINMEDA original motor
- Electric dust shaker

Scope of application

Widely used in cement, asphalt, plastic floor, wear-resistant floor, terrazzo and other industrial grounds.

Product number

Product model

S1350

Product parameters

Sweeping width	mm	1350
Side brush width	mm	260*2
Main brush width	mm	590
Walking motor	w	1000
Side brush motor	w	90
Roller brush motor	w	680
Battery capacity	V/ah	48/80
Rubbish capacity	L	120
Walking speed	km/h	0-10
operating hours	h	2.5-3
Work efficiency	m ² /h	7500
Machine weight	kg	496
product size	mm	1650*1350*1260

Product number

Product model

S1600

Product parameters

Sweeping width	mm	1500
Side brush width	mm	300*2
Main brush width	mm	785
Walking motor	w	1200
Side brush motor	w	90*2
Roller brush motor	w	1000
Battery capacity	V/ah	48/100
Rubbish capacity	L	140
Walking speed	km/h	0-10
operating hours	h	2.5-3
Work efficiency	m ² /h	12000
Machine weight	kg	640
product size	mm	1800*1600*1300

S2000 Driving sweeper

Product advantages

- Double water box design
- Five-brush linkage design
- Powerful shock dust system

Scope of application

Widely used in cement, asphalt, plastic floor, wear-resistant floor, terrazzo and other industrial grounds.

Product number

Product model

S2000

Product parameters

Sweeping width	mm	1900
Side brush width	mm	260*4
Main brush width	mm	690
Walking motor	w	1200
Side brush motor	w	90
Roller brush motor	w	1000
Battery capacity	V/ah	48/100
Rubbish capacity	L	180
Walking speed	km/h	0-10
operating hours	h	2.5-3
Work efficiency	m ² /h	13000
Machine weight	kg	780
product size	mm	2000*1950*1950

XH-2 Push-type floor scrubber

Product advantages

- High-speed rotation cleaning
- 3s to absorb the ground moisture
- Powerful squeegee

Scope of application

Epoxy wear-resistant floor, PVC, terrazzo / tile / marble / small square brick / lime and other floors.

Product number

Product model

XH-2

Product parameters

Cleaning efficiency	m ² /h	3300
Brush disc diameter	mm	560
Squeegee width	mm	825
Cleaning width	mm	560
Brush speed	rpm	195
Brush motorpower	W	550
Suction motorpower	W	530
Cleaning/Sewage box capacity	L	55/65
Battery capacity	V/Ah	24/100
operating hours	h	3-4
Machine weight	kg	154
product size	mm	1300*825*1150

XZ-1S Driving floor scrubber

Product advantages

- Leakage Protection
- Double outlet system
- stainless steel squeegee

Scope of application

Epoxy wear-resistant floor, PVC, terrazzo / tile / marble / small square brick / lime and other floors.

Product number

XZ-1S

Product parameters

Cleaning efficiency	m ² /h	4000
Brush disc diameter	mm	700
Squeegee width	mm	1000
Cleaning width	mm	700
Brush speed	rpm	225
Brush motorpower	W	350*2
Suction motorpower	W	400
Cleaning/Sewage box capacity	L	80/85
Battery capacity	V/Ah	24/100
operating hours	h	2-3
Machine weight	kg	211
product size	mm	1445*1000*1100

XZ-2M Driving floor scrubber

Product advantages

- Front LED lighting
- Thick chassis
- Curtis controller overload protection

Scope of application

Epoxy wear-resistant floor, PVC, terrazzo / tile / marble / small square brick / lime and other floors.

Product number

Product model

XZ-2M

Product parameters

Cleaning efficiency	m ² /h	6500
Brush disc diameter	mm	830
Squeegee width	mm	1190
Cleaning width	mm	830
Brush speed	rpm	275
Brush motorpower	W	300*2
Suction motorpower	W	600
Cleaning/Sewage box capacity	L	138/140
Battery capacity	V/Ah	24/200
operating hours	h	4-5
Machine weight	kg	380
product size	mm	1620*1190*1390

BXD01 Push-type floor scrubber

Product advantages

- High-speed rotation cleaning
- 3s to absorb the ground moisture
- Powerful squeegee

Scope of application

Epoxy wear-resistant floor, PVC, terrazzo / tile / marble / small square brick / lime and other floors.

BXD02 Driving floor scrubber

Product advantages

- Leakage Protection
- Double outlet system
- stainless steel squeegee

Scope of application

Epoxy wear-resistant floor, PVC, terrazzo / tile / marble / small square brick / lime and other floors.

Product number

Product model

BXD01

Product parameters

Cleaning efficiency	m ² /h	2600
Brush disc diameter	mm	540
Squeegee width	mm	800
Cleaning width	mm	540
Brush speed	rpm	200
Brush motorpower	W	550
Suction motorpower	W	500
Cleaning/Sewage box capacity	L	52/57
Battery capacity	V/Ah	24/100
operating hours	h	3-4
Machine weight	kg	145
product size	mm	1200*780*960

Product number

BXD02

Product parameters

Cleaning efficiency	m ² /h	4100
Brush disc diameter	mm	580
Squeegee width	mm	800
Cleaning width	mm	580
Brush speed	rpm	200
Brush motorpower	W	550
Suction motorpower	W	500
Cleaning/Sewage box capacity	L	85/89
Battery capacity	V/Ah	24/100
operating hours	h	3-4
Machine weight	kg	225
product size	mm	1370*780*1240
